### 0.01 ORDERING INFORMATION

For technical assistance and spare parts, both during and after the period of warranty, quote the data indicated on the ID plates and the serial number punched on the tool body (fig. 1)

Fig.1

Orders for spare parts must be accompanied by the following information:

1. Type of equipment
2. Serial number
3. Part number or position in exploded drawing
4. Quantity
5. Revision status indicated on the back cover of the manual.

The Manufacturer can only supply the appropriate spare part if the required data is complete, since subsequent improvements may have entailed structural variations to the equipment and therefore to the spare parts.

### 0.02 MECHANICAL AND ELECTRICAL COMPONENTS

The following page contains an exploded diagram of the machine, complete with the part numbers, descriptions and quantities of each component
